Planning Control of Project		Project Management		Project Control		Project Monitoring		Project Reporting		Project Evaluation	
Phase	Activity	Phase	Activity	Phase	Activity	Phase	Activity	Phase	Activity	Phase	Activity
Initiation	Define Project Scope	Planning	Develop Project Plan	Execution	Perform Project Work	Monitoring	Review Project Status	Reporting	Generate Project Reports	Evaluation	Assess Project Performance
Planning	Identify Stakeholders	Planning	Estimate Project Resources	Execution	Coordinate Project Activities	Monitoring	Analyze Project Data	Reporting	Present Project Findings	Evaluation	Identify Project Issues
Execution	Allocate Resources	Planning	Develop Project Schedule	Execution	Monitor Project Progress	Monitoring	Identify Project Risks	Reporting	Document Project Findings	Evaluation	Address Project Issues
Monitoring	Review Project Status	Planning	Develop Project Budget	Execution	Control Project Work	Monitoring	Assess Project Performance	Reporting	Report Project Findings	Evaluation	Reassess Project Performance
Reporting	Generate Project Reports	Planning	Develop Project Charter	Execution	Manage Project Changes	Monitoring	Identify Project Opportunities	Reporting	Present Project Findings	Evaluation	Identify Project Benefits
Evaluation	Assess Project Performance	Planning	Develop Project Scope Statement	Execution	Optimize Project Work	Monitoring	Identify Project Lessons Learned	Reporting	Document Project Findings	Evaluation	Identify Project Strengths
